

The Great Lakes Regional Pollution Prevention Roundtable (GLRPPR) is a professional organization dedicated to promoting information exchange and providing networking opportunities.

### **Benefits of GLRPPR**

GLRPPR benefits the Great Lakes Region by:

- Working to reduce pollution through the efforts of our members and constituents
- Providing an effective channel that collects and disseminates quality P2 information and expertise
- Improving collaboration among local, state, and regional agencies
- Providing a focal point for policy dialogue and discussion of regional pollution prevention and compliance issues
- Attracting funding for member organizations
- Providing training for members and others
- Establishing regional pollution prevention

### **GLRPPR Services**

- Specialized information searches
- Quarterly newsletter-the LINK
- Information clearinghouse
- Resource materials for small businesses
- Contacts and expert referrals
- Calendar of events
- Training and conferences
- Networking opportunities
- Listservs

GLRPPR is proud to be a member of the Pollution Prevention Resource Exchange (P2Rx). Through its coordinated efforts with P2Rx and other organizations, GLRPPR has developed Topic

Hubs. A Topic Hub provides a Web-based guide to overviews, processes, and resources specific to a particular subject including:

- Case studies
- Technical reports
- Fact sheets
- Links to experts

### **Contacts Database**

GLRPPR also maintains a comprehensive Contacts Database that serves as an online tool for locating business assistance and services within the Great Lakes. The database consists of:

- Contact information
- Sector/Topic area of expertise
- Geographic service area
- Resources offered
- Clients served

### **Projects Directory**

GLRPPR is developing a directory of regional state pollution prevention programs intended to provide details about projects and programs taking place within the Great Lakes states. The objective of the directory is to provide a forum for states to share project information and avoid duplication. The directory is hosted on the GLRPPR Web site.

### **GLRPPR Steering Committee**

The Great Lakes Regional Pollution Prevention Roundtable is directed by a steering committee of environmental professionals from the Great Lakes area. These include local, state, and federal government representatives and one representative from private industry. For more information see the GLRPPR Web site.

### **GLRPPR Membership**

Members of GLRPPR include individuals from local, state, provincial and federal programs, business, industry, and educational institutions that promote pollution prevention. It serves the Great Lakes Region (Illinois, Indiana, Michigan, Minnesota, Wisconsin, New York, Ohio, Ontario, and Pennsylvania).

Basic Membership is free although nominal fees may be charged for specific GLRPPR activities.

### **Basic GLRPPR Individual Membership includes:**

1. Subscription to the LINK newsletter
2. Article submission privileges to LINK
3. Access to the P2 Help Desk Librarian
4. Participation in the Mini-Grants program when available
5. Inclusion in our online Membership Directory
6. Addition to the GLRPPR E-mail listserv
7. Certificate of Membership

---

**GLRPPR** is your link to quality pollution prevention information, research, and expertise. GLRPPR has assisted thousands of industries, organizations, small businesses, and citizens within the Great Lakes Region to locate quality information and resources about compliance and pollution prevention. GLRPPR and its members are working together to make a cleaner tomorrow for the Great Lakes Region.
